

### IP/Technology practice

P. N. KOURTELLOS & ASSOCIATES LLC is an independent and dynamic law firm - one of the new generation of law firms in Cyprus, breaking ground and rethinking the practice and substance of law. Established primarily as a multi-service commercial law firm based in Limassol, Cyprus; the firm has rapidly grown in size, encompassing associates in various business areas and expanding its practice to all business and commercial areas of law.

#### About our IP/Technology practice:

- We provide legal assistance and support to a Media and IT Group based in Canada with affiliated companies based in Cyprus. The Group provides communications solutions and advanced communication structures and equipment;
- We have been instructed in respect of litigation involving the electronic disclosure of information and the appointment of an IT and data base expert to conduct an electronic data search under the supervision of the Court, in respect of a well-known Forex trading platform, IP rights are a core element of these proceedings;
- We have handled litigation proceedings concerning intellectual property issues ranging from patent, trademark and copyright infringement allegations to patent/antitrust claims;
- A member of the firm has advised Microsoft on a range of communication policies and compliance issues in connection with Cyprus's electronic communications regulatory framework and the regulation of Voice over IP services;
- We provide assistance with filing national, European and international patent applications and the validation of patents in Cyprus, trademark and design registration and renewal services.

We have been instructed in litigation proceedings involving a well-known Forex trading platform in which an order for electronic disclosure has been requested, *the first of its kind in Cyprus!*
